

Fancy an escape from the real world? EOS is a weekend away in a land of Elves, Orcs, Humans and other creatures. We run outdoor events across the country where you can make a character and take part in an exciting new fantasy experience.

We offer full catering onsite and a licensed bar. In 2009, we are running three of these weekends over the year where you can meet other players and get to know their characters.

Eos events are run by Hicks with Sticks: A small team of experienced event organisers, who together with a group of volunteer staff, will do their best to ensure you have a great time.
